Monitor

Universidade Júnior

📅 July 2018 & July 2019 📍 Porto, Portugal

- Teaching young students about Electrical Grids and the future of the Smart Grid and Renewable Energy.

Host Volunteer Chair

International Collegiate Programming Contest World Final

📅 Apr. 2019 📍 Porto, Portugal

Hello! I'm Diogo and I'm finishing my Master. I'm looking for a job in the energy field related somehow with **Renewable Energy** and **Energy Markets**, but not only, since ready for other possibilities and opportunities and learn more. You can see all my experience while I was studying and also what are my skills and strengths. My main goals for the future is to **work for a world more green and clean**. In case you want to learn more about me, let me know!

STRENGTHS

- Leadership
- Learning Potential
- Team Work
- Organization
- Flexibility
- Professionalism
- Responsibility
- MultiTasking
- Work Under Pressure
- Competitive
- Public Speaking
